

12th January 2018

Spring 1 Meeting

All council representatives present

Agenda: School behaviour policy

The council met today to discuss the implementation of our new behaviour policy. The children discussed our new charts and how effective they have been in class so far. They then discussed our dojo reward system and the use of badges to evidence rewards. The children designed potential dojo badges to show to Mrs White and the children discussed when/where the badges should be presented. The children's designs and meeting notes can be found in the school council file.
