Spring 2 School Council Meeting

The councillors met this week to discuss current successes in school. We talked about our recent Science Week and the beautiful displays around school. The councillors said that their peers enjoyed working with Wellacre Boys' school, watching the different investigations and experiments. They particularly enjoyed sharing their learning across the school during our Science Week assembly.

The councillors also discussed the arrival of our dojo badges. They think they will work well to promote good behaviour in and around school. They particularly like how they are given out during Friday assemblies in front of the whole school.

**New focus topic:**

This week we discussed ways of raising money for the summer term. The councillors are keen to arrange a bake sale and have been busy creating posters to advertise this in and around school. Pictures can be seen below:
