Space Week

The children have enjoyed all different activities within class this week.

We have all had an amazing time learning about space and making models, meteorites, reading stories, learning songs, learning about planets, solar systems & enjoying space week within school.

Check out our twitter page for the fun we have had. Twitter @ Acrehall

Evolve

Just a reminder to please select your children’s meals by Sunday at 9pm for the coming week.

Evolve has resolved the issue of the menu being wrong now on the system although if you have already chosen in advance you will need to go in and make another choice as this may have changed.

Apologies for the inconvenience but we would be grateful if this could be done asap.

Have a wonderful weekend.

Mr C Catherall, Head of School
