### Bright Futures Educational Trust

Bright Futures Educational Trust (The Trust) is a multi-academy trust set up in 2011. The Trust is made up of a richly diverse group of schools in Greater Manchester and Blackpool. We are passionate about working together within and beyond the Trust to achieve our aspirational vision: the best *for* everyone, the best *from* everyone. We are an organisation that is underpinned by values of: community, integrity and passion. In everything we do, we remember that we are accountable to the children, families and communities that we serve.

Our schools have their own identities and form one organisation and one employer, Bright Futures Educational Trust. Bright Futures' Board of Trustees maintains strategic oversight of the Trust and delegates some of its responsibilities to the Executive Team, Principals and local governing bodies. We place a high value on integrity and probity and take seriously our accountabilities for making the best use of public money. How decisions are made is described in our delegation framework. You can find out more about the Trustees and the Executive Team on our website: <http://bfet.co.uk/about-us/>.

The central team, comprises the Executive Team: John Stephens, CEO; Edward Vitalis, Chief Operating Officer; Gary Handforth, Director of Education; Lisa Fathers, Director of Teaching School and Partnerships and Lynette Beckett, Director of HR & Strategy. The focus of these roles is to work with schools, providing high quality and timely guidance, leadership, challenge and support. In addition to the executive team, we have central operations for finance, HR, educational psychology and Digital Technologies. Please see our website brochure which explains our central operations: [Working together for a Bright Future](#).

Bright Futures Development Network is another important outward facing component of our organisation. Underneath this umbrella we have 5 network hubs. 'The Alliance for Learning' (AFL) which provides school improvement services and CPD to over 700 schools (<http://allianceforlearning.co.uk/>); a North West Maths' hub providing mathematics training and coaching to 500 schools: a SCITT (School Centered Initial Teacher Training) which is the largest in the North West. After significant national reforms to the teaching school policy, Bright Futures was designated with two new large-scale Teaching School Hubs in 2021. The areas we serve are Manchester, Stockport, Salford and Trafford.

Collaboration and strong relationships form one of the 'commitments' in our Strategy and all components of the Bright Futures' family work closely together. Our Strategy was developed collaboratively and can be found on our website: [Our Strategy](#).

Welcome to South Shore Academy, a Bright Futures Educational Trust school. Bright Futures gives children and young people at its schools exciting educational and extracurricular opportunities that help every student be the best that they can be.

South Shore Academy was one of the first schools to join Bright Futures Blackpool cluster, and is working with the Trust to help every student and member of staff to succeed. Leaders from South Shore are involved in collaboration and support with other Bright Futures schools, and we also receive advice from other leaders within the Trust whose expertise helps us to fully meet the needs of all our pupils.

We are proud of the excellent relationships that exist between staff and students. Within our culturally diverse student body, tolerance, respect and understanding are cornerstones for the strong relationships which exist. Parents and governors work in partnership with the school, in order to ensure that the young people of our community enjoy the highest standard of education. The traditional values of courtesy, discipline and respect are important to us and we believe that upholding them will help us to achieve results for all at South Shore.
